A close-up photograph of a smooth, light-brown wooden surface. The wood grain is clearly visible, running vertically. The surface curves from the top right towards the bottom left, creating a soft, organic shape. The lighting is even, highlighting the texture of the wood.

“A distinctive sense of shelter”

Stackable 4 legs

Stackable Barstool

Radars System

RADAR brings a renewed and unforeseen ergonomics, a pure and elegant design combined with a distinctive back that not only gives it a unique character and typology, but also offers additional comfort and a generous sense of shelter. RADAR is declined in chairs, barstool, benches and sofas.
